

REIGATE ST MARY'S
PREPARATORY AND CHOIR SCHOOL

September 2016

Dear Parents,

We are delighted to welcome your children to Green Shoots. Our topic for this half term will be 'Here I am'. Initially our activities will be focused around the story of Owl Babies, moving on to our own families and where we live.

We have some exciting activities planned including a visit to our nature trail with binoculars to see if we can find owls nests in the trees.

The children will be making their own owl babies using lots of different collage materials.

We are hoping to create a display incorporating pictures and photographs of ourselves with our families and we will let you know more about this as the term progresses.

We will include the seven areas of learning into all our activities.

As well as our topic we will be introducing phonics activities focusing on letters and sounds.

Please feel free to let us know if you have an idea or item of interest relating to this half term's topic, and of course please do not hesitate to speak to us if you have any questions.

With kind regards,

Sarah Woodcock and Lynette Howell
