

February 2017

Dear Parents

We have really enjoyed this half term's Jolly Journeys topic and hope your children have too. Our minibus trip to Priory Park was a huge success, even the sun came out to make it even better!

Our topic this half term will be 'Sing a Rainbow' where we will be exploring colours and patterns.

One of the activities we have planned is for the children to mix paint to create the colours of the rainbow for a display, using large brushes and rollers. We will also be learning the Makaton signs to the song 'Sing a Rainbow'.

We will be focusing on a colour each week and during 'Green Week' we will be talking to the children about recycling. During this week we will have our own Green Shoots Recycling Centre and we would be grateful if you could send in one item of either paper, card or plastic each day so that the children can sort the recycling into the appropriate containers.

All seven areas of learning will be included in our activities along with more Phonics activities, focusing on Letters and Sounds.

Please feel free to let us know if you have an idea or item of interest relating to this half term's topic, and of course please do not hesitate to speak to us if you have any questions.

With kind regards

Sarah Woodcock and Lynette Howell
