

## In Kindergarten, this week we will be learning about 'Our Wonderful World' (Australasia)

### **Personal, Social and Emotional Development**

The children will be travelling to Australasia and other continents in our 'aeroplane' role play area.

### **Communication and Language**

The children will be discussing fireworks and Autumn during circle time activities.

### **Physical Development**

The children will be strengthening their fine motor skills by using spaghetti and pegs to create hedgehogs.

### **Literacy**

The children will be making their own passports.

### **Mathematics**

The children will be using acorns to practise their counting skills and to solve simple number problems.

### **Understanding the World**

The children will be looking at the Sydney Harbour Bridge and other famous structures from around the world.

### **Expressive arts and design**

The children will be creating firework and Autumn pictures. They will also be using various construction resources to build bridges.
