

**In Kindergarten this week, we hope to explore..... Doctors and St Georges Day.**

**Personal, Social and Emotional Development**

Children will be using the doctor's surgery (role play area) to take turns.

**Communication and Language**

Children will be encouraged to talk about what they did over the Easter holidays.

**Physical Development**

Children will use a variety of funky finger activities to strengthen their fine motor skills.

**Literacy**

The children will be looking at story structure and the story of St George.

**Mathematics**

Children will be sorting objects by their properties.

**Understanding the world**

The children will have a visit from a doctor and encouraged to ask questions.

**Expressive Arts and Design.**

Children will have the opportunity to create pictures about their Easter Break.
