

In Kindergarten, during week 12 and 13 we hope to...
Exploring our wonder world: Polar Regions

Personal, Social and Emotional Development:
Encourage the children to initiate play and take turns in circle time.

Communication and Language:
Children to look at stories and encourage them to use language such as who, what when and how.

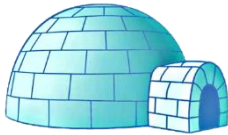

Physical Development:
Children will have a variety of opportunities to develop fine motor skills, through polar activities.

Literacy:
Children to start looking at stories, how they start and end, and describe the characters.

Maths:
Encourage the children to use positional language e.g. behind, under and over.

Understanding the World:
Explore the different way of life in the Polar regions.

Expressive Arts and Design:
Children to explore a variety of textures.
